

A MERRY HEART

A little boy opened the big and old family Bible with fascination, and looked at the old pages as he turned them. Suddenly, something fell out of the Bible, and he picked it up and looked at it closely. It was an old leaf from a tree that had been pressed between the pages. 'Momma, look what I found,' the boy called out. 'What have you got there, dear?' his mother asked. With astonishment in the young boy's voice, he answered: 'I think it's Adam's suit!'

A Prophetic Moment

The Lord also showed me that promotions are going to come to a head for some people. For others, the restoration that you've been plowing toward for years, and thought it seemed hopeless, is coming to a head. There will also be families that are going to see prodigals reach out as they are coming closer to returning home.

My Source is Not my Job

A testimony shared by Oral Roberts: At a faculty prayer meeting in my home, the wife of one of the Oral Roberts University professors said, "I must share with you an exciting discovery I have made. When Brother Roberts explained that our Blessing-Pact-Partnership with God works on the three key

principles of Seed-Faith, I tried very hard to understand. You see, we have seven children. When I have to take all seven to the shoe store, I often find I don't have enough money to go around. Some of the children have had to wear shoes that pinched their feet." We all knew what she meant. She said, "For several years when this happened or when they needed

clothes and I couldn't clothe them properly, I would ask God to make the company who employed my husband raise his salary." I laughed and said, "Yes, and I imagine if the company raised it every time you asked, it could have gone broke. No company can be your source of supply; it is only one means that God uses." She said, "I've learned that now. But until recently, I expected everything to come out of my husband's check from that company. You said, 'God is our Source,' and that He can supply in many ways, even from unexpected sources. Well, this helped me to start looking to Him more. I was able to redirect my thinking toward God as the Source. And it works! From that time, when it is shoe-buying time, God has always sent us enough money, often in ways we least expected."
