Part 4

Leviticus 25:9 which
is the first cycle
Red Sea Moment –
Noah's Ark Cycle:
Slide 13: Now I know
you know Noah
(Christopher) that
this cycle is valid
because you saw

when the cycle started. You saw the start date last year when oil went to a negative -0. So that was the start of the cycle. You saw that. And that perked your ears because the next key time point was 150 days. And 150 days ended up

being Rosh Hashanah
and what happened
on Rosh Hashanah?
The death of Ruth
Bader Ginsburg. Did I
know that that
specifically would be
the thing that
happened? No! I just
knew the date! The
next date is 220 days.
And so this is what

**we've talked about
Noah and you've
seen my interviews.
And these are not my
interviews, not like
I'm doing this, I'm
doing this as a
messenger of God.
Ok! So I don't want
credit for this stuff.
I'm doing this to wake
up the world to show**

**the world God's
Glory. God's Power.
And God's Timing on
things. Because yes,
God does have
timing. He works on
timetables and
seasons. Noah:
explain Bo, why the
370? Bo: So 370 days
is a time point. The
door closed (of the**

ark) and it rained for 40 days. The water kept rising to 150 days. It peaked out at 150 days which would have been Rosh Hashanah. So we are just taking that time cycle. And then Noah stayed on that ark floating for 220 more days. For a total of

370 days before he stepped off the ark. Now when Noah stepped off the ark, I gotta tell you, everything is wiped out. OK, so you have to understand that was a new world. A new Era. Would you not say? Noah: Right, Absolutely! When the

**Red Sea closed on
pharaoh's army and
they were on the
opposite side
separating that,
whatever was left of
pharaoh? Would you
not say that Israel
started off in a new
era? Noah: Yes! So
the point is, is that
time point is lining up**

**to potentially be,
supposed to be the
starting point of the
new era. So we are in
transition right now.
So the world is in
transition until the
26th of April 2021.
When we step into a
new era, just like
Noah did. Just like
Israel was now in a**

new era with the Red Sea separating them. So what's going to happen at the end of April? I Have No Idea! But I want to tell you 24 hours later, after you have the Red Sea cycle, you've got the Noah cycle completing. So within a 72-hour window.

You've got the 23rd of April till the 26th of April, 72 hours of three incredibly powerful biblical cycles that changed the world forever. Noah: WoW, amazing. You know most people think Noah was on the ark for 40 days. Because that's

the only number that we hear, but he was on there for a long time. It was not just 40 days and 40 nights. Even that would have been a long time but it was 370 days. Bo: So biblically a year is 360 days. Because it is a circle. That's a

cycle. You add 10 days because it is 370 days. I didn't make that up. So go read Genesis. It's Genesis 8 it's right in there. So why does God give the exact timelines in Genesis for then? Think about that. Why did God give those dates?

**That highlight for us
to calculate. Because
the glory of kings is to
calculate His time. So
He puts that in there
for a reason. It is for
us to calculate His
timelines. It is not
secret. God does
nothing before first
speaking through His
servants the**

prophets. I am not a prophet. I'm using the timelines. I probably consider myself a messenger of God. But I'm using His biblical timelines. And I'm showing the world how incredible they are! I don't know what's going to happen but I'm telling

**you that's an
incredible time point.**

**Virgo returns 1260
days + 1335 days
October 31. 2024**

**I summarize it all for
you right there. Let's
see what happens.**

**There are some really
key, very important
time points. Noah:**

WoW, What a month!

**Bo: And the 4 years,
remember when**

Vergo returns The Daniel's timeline is then 30 days, then 1260 days and 45 in the backend. So the entire Daniel cycle is 1335 days and that takes us to 2024. The near end of 2024 or October. So the point is, starting now into the next 4 years are

**supposed to be the
most incredible
biblical times the
world has ever seen.
We're going to see
the Glory of God.
We're going to see
people preaching the
Word of God, Jesus
the name of Jesus.
We're going to see
people uprising. They**

**first are going to fall
because God's going
to knock them to their
knees. And then they
are going to raise up.
Remember He has to
knock you to your
knees so He can raise
you up. And He's
going to raise the
most powerful church
the world has ever**

seen in these next 4 years. And it's going to be incredible to watch. And show you these timelines because, they are prophetic!

Page 15: And the point is, this is the dollar. This has been the controlling instrument for

generations. It begins to crash. The crash comes March into April. THAT'S AGAIN THE BEGINNING OF IT! And then it gets worse. Ok, so it's going to get worse. And then we are probably going to see bonds start to debacle and break.

And so it's going to get bad here over the next few months. And so it's about to start and then it gets to worse. Noah: Does that mean the stock market too. Does that take the stock market down? Bo: I'm not 100% sure so I'm not going, I'm not going

to commit to that one. I'm committed on the dollar to describe what happens there. I believe the stock market is going to have a horrible year next year. That is just my best guess. I think the dollar gets destroyed first. It's position of faith and

**confidence gets
broken. And then the
next event would be
the stock market. But
ultimately both go
down. Because
ultimately that is
related to the third
seal of Revelation
which is the
rebalancing of the**

World's financial system.

Page 16 Silver itself and gold is a very similar cycle. Chart illustrated a huge 40- year cup and handle cycle.

Now people may not know what charting is and how charts work but the bottom line is,

I made it really simple for you, just look at the top chart cycle. That's what is called a cup and handle. And when the handle breaks, it upsides or goes up and never looks back. Right now the blue arrow points to where the world's at (in the "handle.").

**And the handle
breaks on the upside
and gold and silver
never look back. The
point being, March 6th
marked the final
bottom. So all we
know from this point
on is that it is going to
keep pushing until it
blows and goes
vertical and then it**

**never looks back.
Exciting times for
God's money. It's
important if you want
to prepare. I'm not
giving you any
financial advice. I'm
just giving you,
showing you charts
and showing you
what I see happening.
You can make your**

own decisions. But if you want to be a part of the transition, into this new financial system, well you are looking at a chart that showing you what is supposed to happen. And so decide if you want to be a part of that or not. That's your decision. But I'm

showing you what is coming.

Prophetically.

Page 17: These are words of God. I want to read this.

Gold goes off the charts. That means straight vertical. And silver becomes the new item of economic security that opens a

new door of luxury to those who have obtained this precious metal. The point being is, as good as gold is going to be in the future, silver is going to trump any movement that gold does. Silver will be the number 1, it was the most hated

**asset for generations,
will become the most
desirable asset, asset
into the future. Noah:
What are we talking
about here. When you
say a vertical takeoff.
Silver is maybe
\$27.00 an ounce.
What are we talking
about a? Does that
mean. I know you**

**don't put dollar limits
or targets on things
but talk in ranges.**

**Are we talking it goes
up to \$50.00? Does it
go to \$100.00? I've
heard some people
say \$600.00. What
does that mean?**

**What are we looking
for? Bo" You know
the number is really**

irrelevant. You just gotta look at the Bible and it tells you what damages are and what blessings are. So damages are 7-fold. So when you damage someone, you pay them back 7-fold. And that's first. So that's the first thing that's coming.

So just take the price and multiply by 7 and that would be damages. Now blessings, this is not me, this is biblically written about blessings. This is what Jesus told the apostles. Blessings are 30, 60 or 100 fold. So which will it be? I

have no idea. But God is not a percentage God. He doesn't do like 20%. He is a multiplier. Just remember God's a multiplier. So multiplication damages 7 times. Blessings, 30, 60 or 100 times. So it will be one of those. First

**it will be damages
and then after
damages will come
blessings. So your
can do your own
math. But it is a lot
higher than \$600.00
in the long run. A lot
higher than that. Who
knows and who cares
what it goes to. I
don't think you will be**

**able to get it. That's
the bigger problem.
So if you're waiting to
buy, you probably
won't be able to get
it. It went vertical in
February and all the
dealers shut down.
So my point is, if you
wait, at some point it
becomes
unattainable.**
