**Sin; Righteousness;
Harvest; Donald
Trump; Soon – Part 2**

**Know that I chose
David. A man after My**

**own heart. But yet
they criticized. Said
all manner of evil
against him but I still
stood with David. And
I'll stand with this man
and he shall prevail
and shall come. Even
as I have spoken. I
shall drive back this
evil that has tried to
take this country.**

That has pushed their way up inside the leadership and the laws. Know that I shall collapse it saith the Lord. I'll bring it to pass. That it shall be so! Donald Trump shall be. He shall be the reigning president he is. Lies does not see that that I am

doing. Know that the Whirlwind blows now, saith the Lord of Hosts.

Lift up your eyes, lift up your hands, lift up your voices and pray and cry to Me with all your heart. For this is the day. Not many days hence you'll see the hand of God move

even as it did in time of Pharaoh. When I stretched out the rod and blood, locusts, and evil come upon the Egyptians. Death come upon the firstborn. But know that those that the blood was applied to the posts. That death passed by. There was

**no plagues in Goshen.
Because I've kept My
hands upon My seed
saith the Lord of
Hosts. This is the hour
that you'll see that I
am the Lord and that I
have chosen men for
this generation. It is
not time. It shall not
be now. I'll hold this
evil off. And you'll see**

**and you'll rejoice.
Shortly, shortly saith
the Lord. Within just a
short time. After days.
Few times. Oh the
year. The time. The
Day of Jubilee. Oh a
great celebration.
Because you've
overcome the evil.
That's something you
thought would never**

**be. Satan has no
power. Satan has no
power It shall be and
you've wondered.
Does anyone even
know the things. And
I've heard the voices
of those that's My
people. I've heard the
voices of My
ministers, that's even
asked. That said that**

it was crazy. Crazy to think such a thing. But I would speak to this, to this country. I would speak to America. Know that you'll see that I am God. That I can do anything. And that Donald Trump, I'll put him back saith the Lord. I'll uproot the ax

**now saith the Lord.
The ax is laid to the
root of the tree. The
storm is coming. The
Whirlwind blows. The
Whirlwind blows,
saith the Lord of
Heaven.**

**Tim Dixon's STRONG
Prophetic Message
2021: Horrible**

Revelation; TRUMP’S RETURN; Revival Is Coming

**I saw myself
standing in like a
heavenly place. I’ve
seen this place before
in dreams. All I know
how to describe it is, I
knew it was not the**

throne of God or a place that there is power. But I knew there was a heavenly place the 12th chapter spoke of and also spoke about over in Daniel. How that there was war in heaven. For there to be war in heaven, the bible says that satan

**fought and the Lord
and His angels fought
against. And Daniel's
fast He said I heard
you the first day.**

**There was war. That's
the kind of place. I
knew I was in a place
that there was a
warfare. There was a
warfare going on to
stop this country. And**

it's not about Donald Trump. It's not about Joe Biden. This has everything to do with what's God's will is and how God's gonna move. And it's gonna be Donald Trump. I don't care what it looks like. It don't matter to me that it looks impossible, it

**does. Right now it is
slap impossible for
this to happen. It
cannot be. But I'm
gonna tell you
something. Jesus
Christ is the same
today as yesterday,
he'll be that way
forever. God's power
never changes. He
don't need our help to**

**accomplish a miracle.
But God always uses
people as well. When I
say God don't need
our help. You know
God can move and He
can be God and we
can be us. A lot of
time God does use
people. Don't get me
wrong. But I saw
myself standing in a**

heavenly place. And it was like a real white-like place. And I seen up at the front, towards further up in the front of this room, this place I was in. I seen an altar. And the altar top was made of crystal. And the bottom of it was made out of some kind of

ivory looking
something. It was a
white looking
something. It was
beautiful is all I know
how to say. And I
seen coming out from
underneath the altar, I
seen smoke. Smoke
coming out from
under the altar and
around the altar. And

inside that place I
could hear voices and
I could hear cries,
prayers from all over.
Just different
languages. It's like
you could hear people
praying everywhere.
Just, just a place that
the prayers was a
coming out, coming
out. And I knew the

**smoke kinda
represented a prayer.
Coming out from
under the altar and
around the altar.**

**And when I seen
that I saw a man. A
man walked up
toward the altar. And
he was standing
there. And he said
that “God hears all**

the cries.” God hears them whether they are good or whether it’s evil. And I knew at that point, it’s like a knowledge hit me. A knowledge that of Abel. How God heard the blood crying from the ground. But yet He heard Ishmael under the tree, the lad

crying. God heard
Hannah's cry. But the
man that told me said,
God hears the cries.
The good, the bad,
the evil. All the cries,
God hears them. And
then the man grabs
me by the hand and
he takes me and he
says come and see.
And quickly we went

downward and I could see seven mountains. As we went down I could see 7 mountains throughout the whole world. They had on top of the mountains, they had like chariots. The chariots was lit up like they was on fire. But there was angels

**insides those
chariots. All around
the mountains. And
standing at the top, at
the peak of every
mountain throughout
the world, there was
an angel standing
there with a
candlestick. Lit, a
candlestick in their
hand. And then again**

after that he grabbed my hand again, this man like an angel. He grabbed me and down we went. Like down, I was standing in front of the Capital. And I heard, when I got down at the Capital, I was standing on the steps looking at the patio.

And I could hear all around me as I looked around. I could hear like whistles. Just blowing everywhere. It was so unique. It was almost like a dog whistle. I mean, some people could not hear bhe whistle blowed. It was real strange but people started

blowing whistles and it was everywhere, all around. As that began to happen, hearing the whistles, I looked and right up on the steps there was two newspapers. One was the Washington Post and the other was like the New York Times. And one of them a

hand come out a
wiped off the page of
the front that had the
headlines. And it
came up cross the
one of them. It had up
there that Trump won
109,798,000
something like that in
that area, had won.
The other one was
talking about how

they done it. It was like it had 7 countries. One paper was setting somewhat on top of the other. The first word was missing then 7 countries interfere. And the first like it wiped off the part where widespread fraud. But the paper

underneath had
“Trump Won.” Big and
right in the middle.
100,978,000. Then it
changed from that. It
was like there was
two paper machines
right there in front of
the steps. They I
looked up on top of
the steps and there
was a baby. I know

some of this really sounds out there. You all that is spiritual, I value what God may be speaking. But I seen a child wrapped up in a cloth sitting up on top of the patio. Just no crib. Just setting there like that and then. After that the man that had had

my hand. He told me I am going to let you see what you can't see. And when I looked up, above all like setting on clouds, like they were riding the clouds, there was chariots of fire and angels. Chariots of fire. I know some folks don't believe

that and they think
you are “koo koo” But
I’m going to tell you
something. God is a
God. Just as real as
you want Him to be
He can be. Right
there I seen chariots
of fire setting around.
It reminds you of the
time God used Elisha
and he said God let

them see what they
can't see. He looked
up and he seen
chariots all around.
And that man told me
that, "They that be
with you are more
than they that be with
them. And I knew
something right then.
As soon as I started
seeing that, things

just started like a big Whirlwin of stuff going on. The angels went into seven different churches throughout. And when they stuck the light in, the church just started blowing, exploding like in fire. Like it was burning. People started going out.

People could see the fire from way off in several different places. And then I saw two attorneys. I saw a man out of Georgia. I don't know where the lady is from. But these two particular attorneys, they were trying to get to the top of a

latter. And there was a man-made latter in there. But it was not something built out of wood. It was like what you would use to climb to an airplane. It was made out of metal. Way up at the top there was a man setting up there at a little bitty small table,

**in a glass chair. And
this lady was trying to
get up them stairs,
the lady attorney. She
was trying. She had
something in her
hands. Papers in her
hands. She was trying
to get up there to the
top stairs. And they
wouldn't let her up
there. Everything she**

**did. Everything, every
step she took, there
was a blockade.**

**Every step she would
try to climb. There
would be something
in her way. Always
something,
something,
something. And the
man had his hand on
her back. The man**

attorney. And then they kept trying, kept trying and they got up a couple of steps and it was looking good and somebody built a brick wall that they could not bet over it. So they was forced back down. And then something changed. And these particular

people they got discouraged. No but like a real frustrated. But they grabbed, the man had a vest on. A nice vest. And in his vest pocked he pulled out a stone. And the lady took her scarf off of her neck. And she put the stone inside of it and said, "If I can't

**climb up there I'll go
over the top. And she
slung a stone up there
and it changed. I saw
setting in a area a
man with a yellow
shirt on and Kaki
looking pants.**

**Something changed
when the stone, I
couldn't see as it
didn't show that. It**

changed to the man
had the papers. At the
top of the stairs. And
then there were
whistles just blowing
left and right and just
crazy. There was a
power of God that had
fell. A power of God
that had just shaken
the world. And
churches began to

**get on fire for God.
And just something
unreal. Just unreal.
And I seen the people.
They started running
over. And it was the
Supreme Court
building. The people
started gathering
around the building,
they was running over
to the building and**

**everybody started
shoving on the
building. And it
started getting
smaller. The Supreme
Court got smaller and
smaller. The White
House. You looked
out and I seen a big
wave of water that
was coming after the
child. It was off the**

coast there and coming like a tsunami. And it was coming after the little child. And everybody was still fighting, like – The child meant so much importance. It was just so important to Christians. It was so important to these two other people. And

they was other people
fighting in that same
warfare, preachers
that I know. I seen all
kind of preachers that
I knew. All over the
United States. Just
well known
evangelists and
pastors and
preachers. Just doing
different things just

**fighting this fight. But
yet something turned.
God turned things.
Revival broke out.
Trump come back
into office. And I
know, Church I am
going to tell you
something. When God
does something, God
can move. God can do
a miracle without us**

**any kind of
interference. It's just
we are in a place that
we cannot see God
move. When we see
another man setting
up inside the office,
we think that people
like me is crazy. No, I
am not crazy. I
believe in God. It shall
be even as He has**

told me. It shall come to pass. That Biden will not remain where he is at. He's not the president of the United States. It's fraud and it is gonna be proven. It's gonna show. God is gonna move the way He wants to move. God's gonna put Trump

**back in there. One
more outpouring and
shaking of revival
across this world.
Communism will not
have this country.
Communism will not
set in our churches.
They will not bring the
fear on us with the
covid-19. And take us
a boss and put us in**

**concentration camps.
God only knows what
they do. Take every
kind of freedom that
you've got. And
starve you to death.
But in the name of
Jesus Christ, God is
going to prevail. Don't
let nothing back you
down. God is God.
God is an Almighty**

God. He framed the heavens. Holds the water of the world inside his hands.

That's the kind of God I'm talking about. And He can move and He's going to. This is the time of the great move that Joel spoke of.
